

We are pleased to welcome you to the Advanced Periodontics 2026 Implant Study Club!

This study club has been designed to provide a collegial and engaging environment for continuing education and professional collaboration in implant dentistry. Throughout the year, participants will take part in evidence-based discussions, clinical case reviews, and expert-led presentations focused on practical application and clinical excellence.

We sincerely appreciate your commitment to continuing education and are grateful for your participation. We look forward to learning together and to a productive year of meaningful discussion and professional growth.

Thank you for joining us. We look forward to seeing you soon.

Kind regards,  
Brian Evans & Barry Weiss
